

Introduction to TUGO

TUGO is a popular online shopping and retail platform. Currently, it has nearly 200 million registered users and more than 20 million daily visitors. 48,000 items sold. By the end of 2022, the peak single-day transaction volume will reach 2.04 billion yuan, creating 1.585 million direct and full employment opportunities. With the expansion of TUGO's scale and the increase in the number of users, TUGO has also transformed from a single C2C e-commerce platform to a comprehensive retail circle including C2C, group buying, delivery, auction and other e-commerce models. At present, it has become one of the largest e-commerce trading platforms in the world.

TUGO is not only the most popular online retail platform in the world, but also a consumer exchange community and a concentration of global creative products. TUGO has changed the traditional production mode to a great extent, and also changed people's life and consumption mode. Not being taken advantage of, advocating fashion and individuality, being open-minded and good at communication, and rational thinking have become important characteristics of the rise of TUGO consumers. TUGO's diversified consumption experience makes consumers enjoy it: group design, gameplay customization, fashion, and love of tradition.

TUGO uses a special temperament to influence and change the popular attitudes and trends of consumers and businesses towards TUGO. The temperament of the trend affects the behavior of the trend, and the platform of the trend reveals the direction of the trend-the trend era led by TUGO has arrived.
